

Council Action

In an effort to increase awareness and understanding, this publication was created to detail and explain the actions of the Vandalia City Council. We hope this promotes a better understanding of the role Council plays in keeping Vandalia a great place to live, work and play.

Council took the following actions at the Monday, November 2 meeting:

- ✓ Authorized a change of membership interests for the liquor license at Scene 75.
- ✓ Approved resolution 20-R-65 acknowledging that all expenditures with CARES Act funds are necessary due to the current public health emergency with respect to COVID-19 and comply with Section 5001 of the Federal Coronavirus Relief and Economic Security Act. The City of Vandalia has received \$540,428.06 in CARES Act funding from Montgomery County.
- ✓ Approved in its first reading, Ordinance 20-30 rezoning approximately 15 acres of vacant land in the Foxfire Subdivision from Residential Single Family 2 to Residential Single Family 4 subject to the following condition:
 - The accompanying preliminary plat is approved.
- ✓ Approved in its first reading, Ordinance 20-31 amending the City's Planning and Zoning Code to correct scrivener's errors and make other necessary amendments. A full listing of proposed amendments can be requested from the City Manager's office.
- ✓ Approved in its first reading, Ordinance 20-32 amending the Zoning Map of the City. As part of the recent Zoning Code rewrite, adopted in 2019, the City removed Planned Unit Development (PUD) overlays from properties without a PUD plan. Fourteen parcels were inadvertently rezoned to PUD despite having no PUD plan. These map amendments would rezone these properties back to their original base zoning districts.
- ✓ Approved, as an emergency, Ordinance 20-29 amending 2020 appropriations as follows:
 - ***Police-Street-Fire Fund:***
\$7,125.00 – Increase of 2020 budget appropriations for the unexpected additional costs associated with a change order for the new emergency generator project located at fire station 2. It was determined that the pad mounted transformer was too close to the building; therefore, the transformer needs to be relocated as part of this project.
 - ***Local Coronavirus Relief Fund:***
\$540,428.06 - Increase of 2020 budget appropriations for the third reimbursement of expenses to replace lost revenue and assist with unexpected additional expenses associated with COVID-19. The City received a second distribution payment from the County to be expended only to cover costs consistent with CARES Act and the guidelines previously set in place.

The next regularly scheduled Vandalia City Council meeting will be held in the Vandalia City Council Chambers, 333 James E. Bohanan Drive, on Monday, November 16, 2020, at 7pm.
