Swim Instruction

VPRD swim lessons utilize a unique program developed by SwimSafe Pool Management. Using industry best practices, years of experience with well-known national and international lesson programs, and the unique nature of swim lessons, SwimSafe's program is primarily focused on safety and can be explained using the acronym S.A.F.E.

S - Safety First. Age and skill-appropriate safety activities and skills are incorporated into every lesson.

A - Adaptability. Our lessons are designed to be adaptable to the specific needs of the swimmer and the pool environment.

F - Fun. Swim lessons should be fun! That's why we incorporate songs, games, and activities in our program to make it a fun learning environment.

E - Easy to remember, learn, and succeed. There's no need to complicate things. We've designed our program to be a simple and straightforward approach to teach and to learn.

SPECIAL NOTE:

Due to the COVID-19 pandemic, and in the interest of keeping all swimmers and employees as safe as possible, levels 0-3 swim lessons require a parent, guardian, or responsible adult in the water with each child registered (one child per adult). All adult/child pairs will be spaced at least 6-feet apart in the water and the instructor will teach from the pool deck.

For the safety of everyone, please do not attend class if you (or your child) are experiencing any signs or symptoms of COVID-19 or have been exposed to someone who is known to have tested positive.

Registration
